

Guideline for Installing of DSRC Roadside Units

DSRCシステム基地局設置のガイドライン

FORUM RC-003

- ▶ Manual for roadside unit installation design to ensure sharing of frequencies by multiple number of DSRC systems

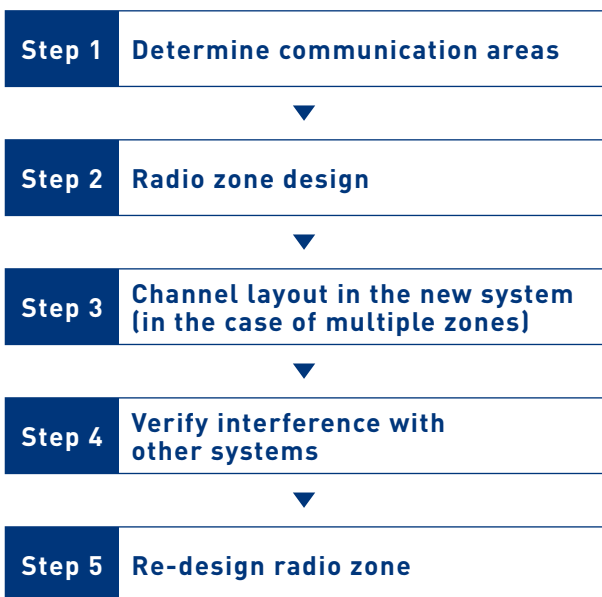

複数のDSRCシステムで周波数共用するための基地局設計手順のマニュアル

- ▶ Contributing to the smooth installation of DSRC systems and the efficient use of frequencies

DSRCシステムの円滑な設置と周波数有効利用に貢献

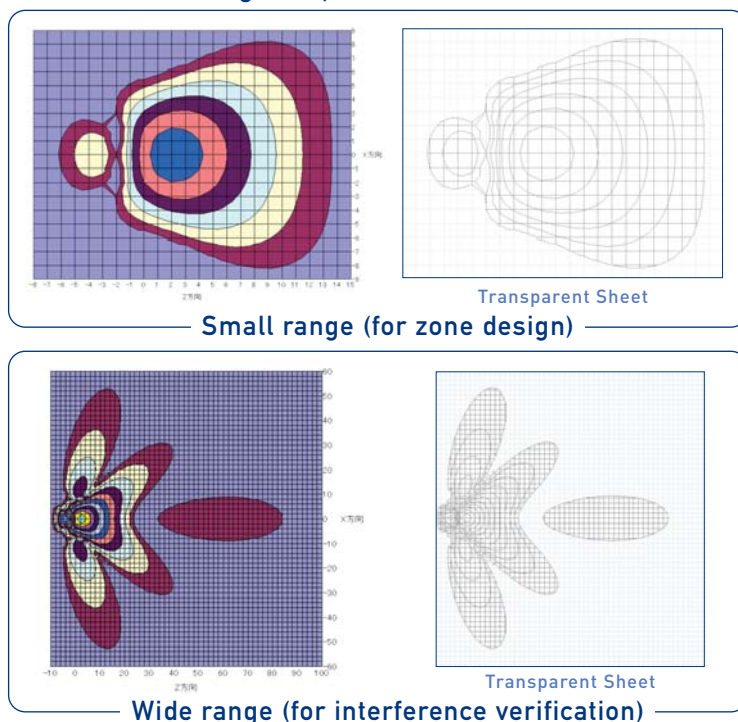

1. Roadside Unit Installation Design Process

The design process for DSRC installation is divided into the following five steps (Steps 1-5).

2. Manual for Radio Zone Design

Radio zone catalog (Transparent standard radio zones)

3. Manual for Calculating System Interface
